A powerful productivity PC, for those who produce or keep lots of files and use lots of programs at once.

The motherboard at the heart of this Intel Celeron Dual Core G530 Socket 1155 system provides onboard LAN, 5.1 channel surround sound and integrated Intel HD Windows 7 ready 2D/3D graphics. A 250GB SATA hard drive provides ample storage, whilst the 4GB of DDR3 RAM will be plenty to handle most software applications.

This model comes with Microsoft Windows 7 pre-installed to reduce set up times.

This desktop PC is perfect for anyone looking for a small, durable system for use in at home or as an office system. A durable keyboard and mouse are also provided with the package.

This system features a 1 year return-to-base parts and labour warranty.
